

## REMARKS

Claims 1 - 4 are pending the application; Claims 1 - 4 stand rejected under 35 USC 101(double patenting). By this Amendment new Claim 5 has been added, and Claims 1-4 have been cancelled. This new claim adds no new matter to the application (support for the new claim may be found in pages 50 - 60 of the specification).

Claims 1-4 having been canceled, the double patenting rejection is now believed to be moot; new claim 5 has no antecedent in any of the earlier issued family of the present application, and is therefore not subject to a double patenting rejection. Claims 1-4 have been cancelled without prejudice to their later examination in same or substantially similar form in continuing or divisional applications.

Applicant believes that it has responded fully to all of the concerns expressed by the Examiner in the Office Action, and respectfully requests that new Claims be entered and examined, and that early favorable action be taken on all claims pending in the application. If the Examiner has any further concerns, Applicant requests a call to Applicant's attorney Patrick Dwyer at (206) 343-7074.

Respectfully submitted,

PATRICK MICHAEL DWYER
